1. BID OPENING of Redwood Water Line repair on NYS Route 26.

One bid was from JL Excavation LLC, 13489 Case Road, Chaumont, NY 13622. The bid amount was \$186,000. This was the only bid received.

Discussion for 1,150 total feet to be replaced this works out to be approximately \$161 / foot. Rob Campany commented that it is not unusual for it to be this much per foot for a small project because the company still must mobilize and bring all the equipment whether the project is small or large.

Motion by Councilman Thomas to accept the bid from JL Excavation. Seconded by Councilman Fayette. Motion carried all in favor.

2. Bolton Avenue Recreation Center. To add the 2nd Floor warming room will add a minimum of \$350,000 construction costs plus 15% soft costs. The facility will hold approximately 1,000 people with the addition of a 2nd floor. There was an extensive discussion on timing and the amount of time construction would take and how long the rink would be closed.

Discussion on grants and that the village is working to get funding for the NY Forward grants, we should apply for this.

Motion by Councilman Thomas to accept Drew Architecture (Andrew Garlock) RFP's to be forward with the next phase of the project. Seconded by Mike. Motion carried with all in favor.
